

Arthur Skinner Executive Vice President

SECURITYVIP ENTERPRISES PRESS RELEASE

April 20th, 2023

SECURITYVIP WELCOMES ARTHUR SKINNER AS EXECUTIVE VICE PRESIDENT

SECURITYVIP ENTERPRISES, LLC a business focused on placing technology business consumers at the forefront of the conversation through transparency & accountability, today announced the hiring of Mr. Arthur Skinner as the company's Executive Vice President. Mr. Skinner comes with over 10 years in the load bank/supply chain industry managing some of the world's largest critical power systems. In addition, Mr. Skinner has been known for his infectious personality when dealing with consumers from an array of industries.

"I am humbled and honored to welcome Arthur to the SecurityVIP family. As a professional, brother, and former teammate, Arthur exemplifies our core principle best by putting "People Before Product" in his work" said Founder & CEO, Taylor May. "As someone who is getting a taste of the security and technology industry for the first time, Arthur is the perfect person to help cultivate diversity from his tenure in the load bank/supply chain arena. SecurityVIP's mission of bringing consumers to the forefront of the conversation is now becoming earmarked in the industry with his onboarding in addition to our product announcement being launched, May 19th of this year."

Arthur Skinner (EVP) said "I value the mission SecurityVIP has been on these last three years in the industry. Bringing together consumers from multiple backgrounds and vertical markets is a humbling opportunity to be a part of. I am looking forward to many successes in our future and the challenge ahead." Mr. Skinner is a proud husband to Kassidy Skinner and loving father to his three beautiful children, Christian, Aspen, and Hayden.

About SecurityVIP Enterprises

Founder, Taylor May, first launched SecurityVIP LLC out of his garage in Prosper, Texas in May of 2020. At the age of 27, his first venture was a podcast series called the "SecurityVIP Podcast"; a series focused on speaking "Nothing But The Truth" around today's best practices, emerging technologies, and where the physical security industry is heading.

Since then, the podcast series has been featured at multiple industry events such as ISC West, SIA, GGPC, and has been recognized as the industry's premier podcast per IPVM. Today, you can tune into the podcast on YouTube, Spotify, and LinkedIn. In December of 2022, SecurityVIP LLC was rebranded into "SecurityVIP Enterprises" to bridge the gap for business consumers in the security/technology industry. Mr. May has been recognized as a top producer and influencer in the physical security industry for the last 10 years and was recently recognized as an IFSEC Global Security Influencer in 2022. He enjoys highlighting the industry's top professionals on relevant topics for today's security/technology needs as well as exemplifying his core value by putting **"People before Product"**.
